Ms. Judith Nelson
Vice President
EZGSA
6931 Arlington Road, Suite 405
Bethesda, MD 20814

October 19, 2006

Dear Judith:

I would like to thank you again for the excellent presentation on "Selling to Federal Agencies" at the Wheaton Business Innovation Center (WBIC) in early October. The audience's feedback is unanimous. "Outstanding", "Informative" and "Full of Practical Advice". Those are comments from companies attending the meeting.

WBIC is a business incubator for young professional service companies. Most of our tenant companies are eager to sell to the Federal Government. The information you provided and the depth of experience of the EZGSA team have pointed them to the right directions, and prepared them well to market their products/services to Federal agencies. You have made a valuable contribution to our business incubation program.

We look forward to having EZGSA back for additional presentations at WBIC and other centers of the Montgomery County Incubator Network.

Sincerely,

Duc Duong, President, DDI Associates
Program Manager,
Montgomery County Incubator Network
