Dear Scott:

Thank you for inviting Miguel Ferrer and me to participate in your EZGSA Training in San Antonio on September 28. We both found the morning session we attended to be very helpful and informative.

We have many clients who need help with GSA and who need the assistance you provide. We'll be happy to tell people about your program, so they can consider all their options. Thank you for offering to provide training in our area. If we have questions or need more information, we'll be sure to contact Billye Roberts.

Best wishes,
