EZGSA

Dear Ms. Botello:

We are delighted to have received our 8(a) STARS II award! Our experience working with EZGSA was professional, organized, respectful, collaborative, and kind. We are very appreciative of your exemplary proposal support. We could not have done it without the great support of Magdalena Ilieva (we fondly call her "Maggie").

Maggie's attention to detail was crucial to this award. Maggie did not treat this proposal effort as just another proposal effort. She really cared about providing a great proposal. Her relentless efforts for perfection resulted in an award to Trinity. Also, a special thanks to Melissa. Melissa, you always work with us to make things seamless and stress-free!

Thanks once again for your support. EZGSA's efforts resulted in both our GSA IT 70 award and our GSA 8(a) STARS II award. We are two for two! We look forward to working with the EZGSA team in the near future.

Sincerely yours,
