EZGSA
4801 Hampden Lane
Suite 105
Bethesda, MD 20814

Attention: Scott Orbach

Mr. Orbach:

AEG Environmental would like to thank EZGSA for allowing us to achieve the extension of our GSA Schedule contract. We were working with a very tight deadline when we spoke with EZGSA regarding the extension. Ronniece Percy worked expediently with us to achieve an extension on our original due date for this submission to GSA. Once the proposal was submitted, "Ronni" kept us informed of the movement that our Contracting Officer made throughout this process. We are very happy with the results!

Very truly yours,
AEG Environmental

Craig Minetola
