Scott,

After months of getting through the bureaucracy we are finally back on the GSA Schedule!! Our new contract number is GS35F-0617X! You've got to like that number!

When this entire ordeal started back in December 2010, you personally supported me in our many conversations with the previous GSA contracting officer. When we were finally able to break free and reach support from the Director your team stepped in and got this offer turned around very quickly. I know at times it was a "hurry up and wait" scenario but the team met my demands each step of the way. This is why we were able to receive the award in just 15 days instead of 120.

I want to thank you, and especially Roniece Percy and Magdalena Ilieva, for working so hard with me to get this one done. Now let work together to ensure that we stay compliant.

Best regards,

Alfredo Casta
President and CEO
