**Subject:** Thank you for outstanding service

Dear Mr. Orbach,

I would like to commend Magdalena Ilieva for the outstanding service she has provided. I believe that Magdalena's expertise, commitment, and pro-active approach are what set her apart.

One of the things that most impressed me about Magdalena is the quality of work she delivered. There were times during the renewal effort that I honestly doubted we would be able to complete the project on time. However, her extensive knowledge that sets Magdalena apart as an expert in her field was instrumental in our success.

In the future, should the need arise, I would like you to know that I would be happy to have her back on my team.

Sincerely,

Juan Zaldumbide

vice provided to Cima Consulting in the effort to renew our GSA contract. The approach we took and the level of commitment we provided were the key reasons that Cima's contract with GSA was renewed.

The level of commitment she gives to ensuring the best possible project delivery is what I value most. I truly felt I was Magdalena's only client. It's this level of commitment, dedication, and passion that makes her a valuable employee.

We will look to EZGSA to meet any additional GSA contract needs.
