Please accept this letter on behalf all of us at CTG as a thank you for your company's help in getting our GSA number. Also please extend to your proposal specialist Mike Wannemacher a special thank you from me personally. I can't begin to tell you what a pleasure it was to work with Mike. Choosing EZGSA and getting to work with Mike were both great for me and CTG. We are already seeing results from our GSA contract. Mike did everything he promised and in a timely fashion. It is always nice to work with good people and a good company such as EZGSA. Please tell Mike to stay in touch and I wish him and you continued success.
