Re: Testimonial for Ms. LeeAnn O'Mally  
Ecosystem Management & Associates, Inc. GSA Proposal

Mr. Cowell,

I would like to extend my thanks to EZGSA for helping our firm win our first GSA Environmental Services Schedule contract. I particularly want to extend my thanks to Ms. LeeAnn O'Mally, whose professional and timely development of our proposal helped us to meet a rather tight award schedule of 31 December 2004, which we had been targeting since last June.

She kept the process moving, kept me on track for providing information to her in a timely fashion, and coordinated all aspects of the proposal process for us. Additionally, her familiarity with the Environmental Services Schedule and the intricacies of a consultant-based firm, really streamlined the process. I would enlist the services of Ms. O'Malley without hesitation should we ever require additional proposal-writing assistance for GSA Multiple Award solicitations.

Sincerely,

Gina M. Coelho, Ph.D.  
President
