Mr. Orbach:

I am writing this letter to let you know about our awesome experience in working with Magdalena Ilieva on our quest to obtain our GSA 70 and MOBIS Schedules. I found Magdalena to have a high degree of knowledge of the GSA process, outstanding professionalism and a great attention to detail. I believe that it was with these key attributes that we were able to successfully receive our two GSA Awards. Her work is to be commended.

Should E-~~volve~~ require additional servers from eZGSA we would be delighted to work with Magdalean again! Thank you for your outstanding service!

Sincerely,

Deidre J. Boone
