Dear Scott:

I can appreciate that many of your GSA proposals must be relatively "cookie-cutter" but I must tell you how impressed I have been to see your team in action when confronted by our convoluted commercial sales practices.

Ronniece Percy has displayed impressive knowledge, out-of-the-box thinking, tenacity and incredible patience and empathy throughout the process to obtain Interskill Learning's GSA Schedule contract.

Not only have we received our GSA Schedule Award, Ronniece was able to obtain discounting terms for us that will insure that our US Federal Government business is very lucrative indeed!

I cannot speak highly enough about Ronniece. She is a credit to your organization.

Best regards,

Darren Surch
