Scott,

Upon starting the agreement between EZGSA and Spacenet, Magdalena Ilieva started to assist Spacenet in preparing the GSA contract proposal immediately. She worked relentlessly and tirelessly till late nights and over weekends. She paid attention to details as well as overall proposal progress. She provided extremely helpful consulting advices. Without her consulting and effort, we wouldn't be able to complete the proposal in such record-breaking time. We are highly satisfied with her service and would love to work with her in the future.

Thank you very much, Magdalena.
