Dear Jack:

It was a pleasure working with you throughout our GSA IT Schedule 70 process. We initially started the process ourselves, but quickly got overwhelmed by all the paperwork that was required. When we turned to EZGSA for support, it was a breath of fresh air. You were instrumental in the overall process of putting our package together, and made things easy and straightforward for us.

Though we ran into some minor snags with the Contracting Officer, you were able to skillfully overcome any difficult resistance on our rates and you were successful at aggressively negotiating on behalf of our best interest. Because of your knowledge and support, we were able to easily work out any discrepancies with the Contracting Officer, and obtain our Schedule in a timely fashion. We could not have done it without you.

I will be sure to recommend EZGSA's services to other business owners I know that may be seeking to obtain their GSA Schedule. Thanks again to you and everyone else at EZGSA.

Best Regards,
