Reference: Letter of Appreciation – Magdalena Ilieva

August 4, 2015

Dear Scott:

Please be informed that Magdalena (“Maggie”) provided exemplary support with regard to Trinity’s GSA IT 70 Schedule application process. Trinity was awarded its GSA IT 70 Schedule in record time...one week after application! This is unheard of! This is majorly due to the great support provided by Maggie. During the entire application process Maggie was pleasant, detail oriented, kind, responsive, methodical, analytical, thorough, and caring. We could not have done this without Maggie. So much so, we reached out to EZGSA for proposal support for 8A STARS II specifically requesting Maggie’s support.

Additionally, Trinity’s GSA Contracting Officer (CO) commented how well our GSA IT 70 package was put together and as a result Trinity was ‘fast tracked’ for IT 70 award. Maggie worked very well with Trinity’s GSA CO and she fielded questions and promptly provided responses to all questions providing a big sigh of relief to us. My VP of Administration commented that “Magdalena is worth her weight in gold”.

There is one ‘Kodak moment’ that I’d like to bring to your attention. On my way to the office my car experienced a ‘dealer recall’ issue and consequently was towed to the dealership during the work day. When Maggie learned of this, she without hesitation offered to come to my office, pick me up, and give me a lift home. How awesome is that??!!!!

We are very grateful to have partnered with EZGSA. It was and continues to be a great experience for us. We expectedly and excitedly await award of our GSA 8A STARS II contract. Please pass on our sincere gratitude and heartfelt thanks to Magdalena.

Sincerely yours,

Bruce E. Lansdowne
President & CEO
