Dear Scott,

I would like to take this opportunity to thank you and Magdalena for your invaluable contribution to Ecliptic, Inc. d.b.a. Veatch Ophthalmic Instruments' efforts to obtain a new VA Schedule 65 II A contract. Our success in this endeavor was due in large part to your knowledge, dedication, and patience.

I'm sure tackling a VA contract offer is daunting for everyone. However, the manner with which you approached the project set me at ease right away. You led us through a very organized, step-by-step process and have worked diligently with us and the federal government to get us an awarded contract. There was never a doubt that you were on our side and committed to our effort.

We very much appreciate your hard work and believe that our relationship with EZGSA will continue successfully in managing our new contract.

Sincerely,
