Dear Scott:

As you know, Ash and I had been in the process of pursuing our GSA Schedule 70 for almost a year when we contacted you in March. We came to you in desperation to get our application in before our past performance and other time sensitive documents expired. You listened to our concerns and wisely assigned Ronni Pearcy to our account. From the very first meeting I had with Ronni, I knew we would be successful and that in no time we'd have our schedule.

I can't say enough good things about Ronni and know that our success is largely due to her. Ronni was extremely organized and very clear in direction and expectations as well as being friendly and knowledgeable. It's amazing to think with her guidance and savvy expertise that we were able to get our application submitted within weeks of that first meeting and that we got our schedule in just over two months. I recommended Ronni and EZGSA to one our partners yesterday and will continue to do so in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Laura J. Pritchard".

Laura J. Pritchard
Vice President Federal Programs
