23 February 2016

Dear Melissa,

I am writing to express my thanks and gratitude to you and your team at EZGSA for all your hard work, support and guidance with regards to our application and successful enrolment as an Approved Vendor into the GSA schedule.

The remarkable ease and speed with which we have achieved our aim of being included, in what is the US government's most trusted and compliant method of direct purchase, is in large part attributable to the professionalism and energy of your team at EZGSA.

In thanking you for your services, I must single out one individual, your Proposal Specialist Ms Magdalena Ilieva, for particular praise.

Magdalena has been the EZGSA representative whom we have worked closest with over the last 8 months. Throughout that time Magdalena has dedicated exceptional energy to this project. She recognised and acknowledged the priority that AADS gave to the issue of achieving a position on the GSA schedule and at all times strove to ensure that no effort or initiative was spared, in order to achieve that aim.

Magdalena's experience and knowledge, combined with exceptional liaison skills and ability to communicate essential information, gave AADS the necessary advantage required in approaching the complex issue of GSA registration. She handled all aspects of the submission in expert fashion and managed the process seamlessly. It has been a great pleasure for the AADS team to work with such a dedicated professional.

Once again thank you for all your support and we look forward to continuing to work with EZGSA in the future as our GSA Vendor status develops into an important aspect of our overall business.

Yours,

George A. Bassadone
