April 7, 2015

I would like to take this opportunity to commend EZGSA on its professionalism and outstanding work performed in assisting Onyx Consulting Services, LLC with obtaining our IT-70 schedule. Your efficient management and execution was instrumental in our success in being awarded the IT-70 schedule. I always knew that I was in good hands. My POC, Ronniece Percy, was helpful every step of the way and there was very little required from me other than providing Ronniece with necessary information. It was truly white glove service. She managed the entire process and she was absolutely amazing. Scott Orbach is equally phenomenal. He was extremely accommodating in meeting Onyx's needs and truly empathized with Onyx as a small business.

I am grateful to have had the opportunity to work with Ronniece and the EZGSA team, and I look forward to doing more business. I would strongly recommend their services to other businesses.

Sincerely,

A handwritten signature in cursive script that reads 'Zaminah D Williams'.

Zaminah D Williams
