

September 29, 2011

Scott,

I would like to express that our team here at Veolia Transportation On Demand, truly enjoyed working with EZGSA and more specifically Magdalena Ilieva. We approached her with the task of preparing our GSA schedule which included over 35,000 line items. The scope of work was tremendous and over time I was able to build a professional relationship with her which made our team feel confident in her capabilities.

Once again, we truly appreciate the hard work and dedication Magdalena constantly showed and upheld during the time we worked together.

Sincerely,

Mike Wier
Manager Government Sales and Contracting
Veolia Transportation On Demand
